

Browsers

Your options

Differing Browsers

- Different browsers have their pros and cons
- Most people have a preferred browser
- You need to ~~test your site on multiple browsers.~~

Internet Explorer

- One of the most popular browsers
- Preinstalled on Microsoft Windows and free to download
- Not available on the Mac (Platform-dependent)

Safari

- **Works on Mac and Windows operating systems**
- **Free to download**
- **Default browser on iPhones and iPads**

Google Chrome

- **Freeware browser developed by Google**
- **Fast browsing**
- **Greater security**

Firefox

- Free browser developed by Microsoft
- Works on Windows and Mac
- Secure and fast
- ~~Resource heavy~~

Worldwide Desktop Browser Market Share

Chrome 제일.

Review

- Browsers can vary in how well they adhere to HTML5 standards
- Different versions of browsers need to be considered as well
 - Test in a variety!
